# Aero

A streamlined  
desking system  
built for demanding  
work spaces

stunning design

Aero's well proportioned leg shape is a dynamic statement in style that creates a strong and sophisticated aesthetic for your office environment.

*Pictured with the timeless Metro highback executive chairs.*

The Aero system incorporates a full suite of highly functional options including general office storage, personal filing, cable management and tables.

*Pictured with Aero reception, Balance mesh chair, Boxer, Zipp and Metropol soft seating.*

complete fit-out

efficient use of space

Aero long run desking layouts utilise structural cable management beams under the desktop and shared internal legs to achieve tidy power and data management. The desk-mounted panels provide user privacy above and below the work surface while incorporating function rails and tackable E-panel or translucent twin wall top panels.

*Pictured with Translucent desk mount panels, Balance mesh chair, and caddy seat toppers.*

height adjustable

Aero desk systems are designed to team in seamlessly with the Aero cabinet modules, creating a sense of harmony in your office environment. The height adjustable option enables your staff to achieve optimum productivity through ideal ergonomic alignment.

*Pictured with Arc operator chairs and return screens on pod layout.*

120° pod layouts make for a very efficient use of space while retaining a collaborative environment. All Aero work modules are available with cable management. A perfect match for the sleek steel mobile drawer units.

*Also Pictured: Balance, Moda mid-back, Metropolis soft seating and Modulus boardroom tables*

adaptable
